I, Sean-David, Morton, one of the people of California, in this court of record move to stay the sentencing hearing scheduled for June 19th, 2017 due to the following:

I have not received proper discovery and this unjust situation is denying me my right of due process protected by the US Constitution.

I have sent both trial court and circuit court a writ of discovery, which must be answered and to which I have time to respond before sentencing would be appropriate. There are also more writs to be issued from Circuit court to allow me due process I require.

I believe my substantive rights will be denied if the sentencing hearing scheduled for June 19th, 2017 is not stayed to continue discovery proceedings because I would be sentenced without proper discovery or knowledge of fundamental issues in the matter!

It is just and proper for Stephen V. Wilson, man acting as judge in District Court for Central California to stay the sentencing hearing so I can finally get proper discovery that I have been asking for but never received.

I wish to stay the sentencing and have the writ of discovery answered so I may have due process of law, my inalienable right protected by the US Constitution.

Thank You, *Sean David Morton*
